

TOP OF LAZY SUSAN

A

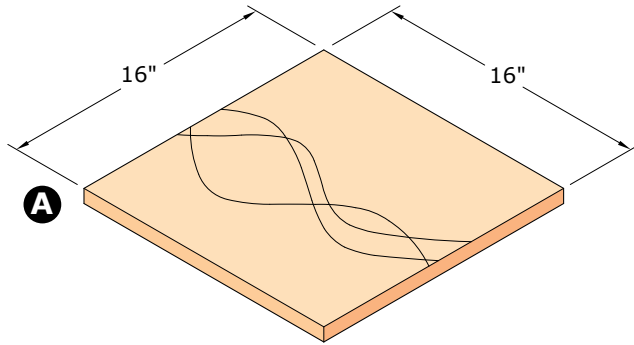

BASE OF LAZY SUSAN

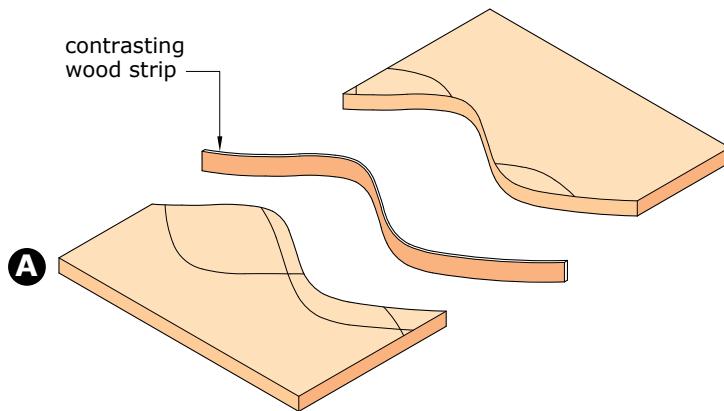

PARTS

A wood for top - $\frac{7}{8}$ " thick

B wood for base - $\frac{7}{8}$ " thick

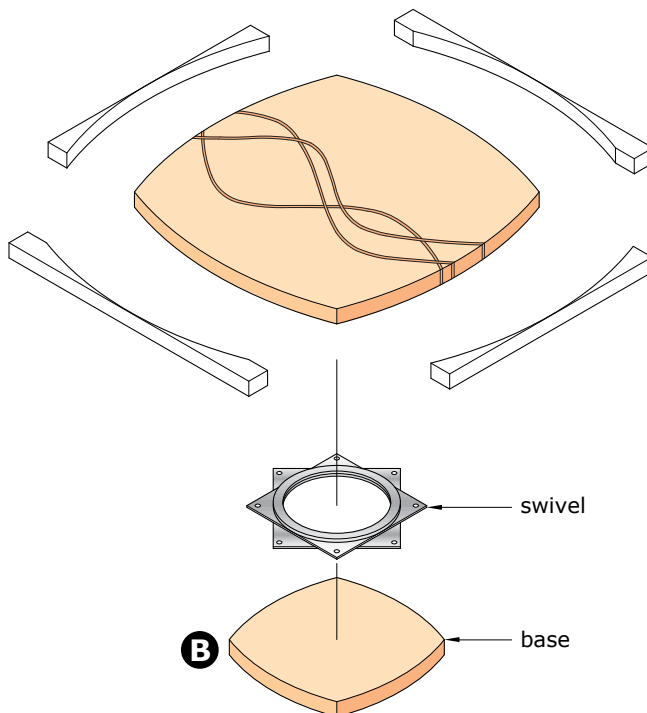

Cut the wood to size and then trace the pattern onto the wood surface.

Cut through one of the pattern lines. Then glue the contrasting strip between the two top pieces.

When dry, level the strip with the top and bottom surfaces. Repeat the process for the rest of the pattern.

Cut arcs into the four sides. Then assemble top, swivel and base.
